Areas of expertise / experience:

Cereals and Grain, Bakery, Dairy products, Fats and Oils, Water and Beverages, Processed Foods.

Our Food Division team will assist you to navigate the regulations, standards and requirements involved in ensuring your product is safe and your business has mitigated the risks.

Our Food Division can deliver the following services:

- GAP analysis
- Risk assessment
- Prerequisite program
- Hazard Analysis of Critical Control Points (HACCP)
- Safe Food for Canadians Regulations (SFCR)
- Third Party audit readiness
- Formulation and label reviews
- Nutrition Facts table creation

Our aim is to help your business build a food safety program, which is feasible, effective, risk based, compliant and gains your customers' trust.

Company Information:

Source Nutraceutical is your turnkey solution for North American market entry services. Our team of experts provide regulatory compliance, clinical trials and quality assurance, graphic design and packaging compliance, and importation consulting services all under one roof.
