As a management-consulting group we continually combine our expertise with our PVC1FiCS proprietary compliance/risk software solutions when collaborating with qualified, experienced and certified food industry leaders to deliver a full range of GMP, HACCP based, ISO and GFSI food safety and quality management systems, throughout the entire value chain. This includes supporting our customers with either project management, training or coaching services for implementation of Provincial, Federal, Territorial and or internationally recognized programs.

Our service commitment is founded on delivering practical and out come-based solutions, which serve our customers from both a strategic and sustainable standpoint.
