

2024 Small Holder Swine and Poultry Seminar Series – Animal Health and Biosecurity

Manitoba Agriculture invites small-scale swine and poultry producers and enthusiasts to join us for an afternoon seminar on the basics of animal health and biosecurity. This free event is the first in a small holder seminar series which hopes to provide animal owners with a greater understanding of raising healthy pigs and poultry. This seminar will cover the key aspects of preventing disease transmission and some of the more commonly encountered conditions in small-scale settings.

**The seminar is offered in one location and includes a wet lab.
Seating is limited.**

Date: Wednesday, June 26, 2024
Time: 1:00 p.m. to 4:00 p.m.
Place: Ag Services Complex
545 University Crescent, Winnipeg MB
Register: [Small Holder Health and Biosecurity Winnipeg](#)
