Indigenous Land Acknowledgement

We recognize that Manitoba is on the Treaty Territories and ancestral lands of the Anishinaabeg, Anishininewuk, Dakota Oyate, Denesuline and Nehethowuk peoples.

We acknowledge Manitoba is located on the Homeland of the Red River Métis.

We acknowledge northern Manitoba includes lands that were and are the ancestral lands of the Inuit.

We respect the spirit and intent of Treaties and Treaty Making and remain committed to working in partnership with First Nations, Inuit and Métis people in the spirit of truth, reconciliation and collaboration.

OVERVIEW

The Estimates of Expenditure for the fiscal year ending March 31, 2023 detail the 2022/23 expenditure intentions for Manitoba's government. The Estimates of Expenditure detail the annual appropriations to be approved by the Legislative Assembly through an appropriation act. Also reported in the Estimates of Expenditure are statutory appropriations that are not voted on by the Legislative Assembly. In order to assist in the review of these estimates, the following explanatory notes are provided.

Annual Appropriation Act

The annual appropriation act provides authority for departmental expenditures as set out in Part A (Operating Expenses), Part B (Capital Investment), Part C (Loans and Guarantees) and Part D (Capital Investments by Other Reporting Entities). The authority provided under each part is an annual authority and lapses at the end of each fiscal year.

Categories of Expenditure

Part A Operating

This part of the Estimates of Expenditure includes three main categories as follows:

Operating Expenditures - expenditures related to the direct delivery of government programs and services including salaries and employee benefits, general operating costs, grants and financial assistance to other reporting entities and third parties, and other expenses. It includes capital grants to organizations, such as municipalities, for the construction of, or improvement to, capital assets owned by these third parties.

Statutory Expenses - expenditures that occur automatically by way of statute, such as expenses for the Legislative Assembly (including independent officers), members' indemnities and benefits and debt servicing costs. This cost is noted in the Estimates of Expenditure by the letter "S" in the "Res. No." column of the detailed estimates, and is a non-voted expense. This is included in the Estimates of Expenditure for information purposes, does not form part of the annual appropriation act or interim supply, and is automatically paid out of the Consolidated Fund.

Non-Voted Expenses - non-cash expenses, for which no payments are required from the Consolidated Fund. These non-voted expenses are included in the Estimates of Expenditure for information purposes and do not form part of the annual appropriation act or interim supply. An "NV" in the "Res. No." column of the detailed estimates denotes a non-voted expense. Non-voted expenses include:

Amortization costs related to capital assets - while amortization costs are an expense for accounting purposes, they are related to appropriations under Part B, voted when the capital asset was built or acquired.

Tax credits - while tax credits are an expense for accounting purposes, they are received as an offset to federal tax revenue and therefore are a non-cash expense.

Accounting charges - charges for balance sheet adjustments that are approved through other means, which do not involve monies paid out of the Consolidated Fund.

OVERVIEW

Part B Capital Investments

This part provides the authority for departmental expenditures for the annual purchase or acquisition of tangible capital assets. Amortization of those capital assets is dealt with under Part A. Tangible capital assets are those with a useful life extending beyond one year that are acquired, constructed or developed, and held for use, not for resale.

Part C Loans and Guarantees

This part provides the authority for departmental expenditures for lending programs and loan guarantees to third parties. Examples of lending programs include the Manitoba Student Aid program that provides loans to post-secondary students, Manitoba Agricultural Services Corporation programs that lend to agricultural producers or businesses and loan guarantees through Manitoba Housing and Renewal Corporation for non-profit housing organizations.

Part D Capital Investments by Other Reporting Entities

This part provides the authority for Other Reporting Entities' expenditures for the annual purchase or acquisition of tangible capital assets in the form of loans or grants from the government. Other reporting entities include regional health authorities, school divisions, post-secondary institutions, special operating agencies and Crown corporations. The tangible capital assets are amortized over the useful life of the asset beyond one year.

Prior Year Estimates of Expenditure

The Estimates of Expenditure for the previous year are included in the Summaries and Departments/Service Headings pages for comparative purposes. The amounts included for the prior year represent the amounts that appeared in the 2021 Estimates of Expenditure and does not include any supplementary authority.

In fiscal 2021/22, additional authority was approved by the Legislative Assembly by way of supplementary appropriations. An appendix has been included at the end of this book to reflect the supplementary authority approved in that year.

In order to make year-over-year comparisons meaningful, adjustments to the previous year's estimates amounts may be necessary. These adjustments reflect executive government organization changes, as well as any other adjustments that may be required for comparability.

OVERVIEW

Additional Expenditure Authority

Funds will be voted by the Legislative Assembly at the main appropriation level by way of resolution numbers (abbreviated "Res. No." in the detailed estimates). Expenditure authority cannot be transferred between departments/service headings except for transfers from appropriations listed under the service heading "Enabling Appropriations" (e.g. Enabling Vote).

If additional authority is required due to unforeseen circumstances, the government must introduce supplementary Estimates of Expenditure and a supplementary appropriation act when the Legislature is in session, or obtain authority through a special warrant if the Legislature has recessed or adjourned for at least 10 days. Supplementary Estimates of Expenditure form part of the total voted expenditure authority for that year.

Enabling Appropriations and Emergency Expenditures

In addition to departments, separate "service headings" exist to provide expenditure authority for programs that are delivered by a number of departments, where it is desirable to know the total amount allocated to the program, or where the allocation to various departments is not known at the time of printing the estimates. In some cases, funding is allocated, as required, from the appropriation to departments by the Minister of Finance. In other situations, departments are granted authority to charge approved expenditures directly to the service heading.

Recoveries

To ensure more transparency respecting inter-departmental transactions where an appropriation in one department has implications on an appropriation in another department, the Estimates identifies the total costs of operating the various programs throughout departmental appropriations through the allocation of overhead costs to programs. Cost recoveries include expenditures for insurance, grants in lieu of taxes and certain employee benefits. Cost recoveries are either noted in a separate sub-appropriation called "Less: Recoverable from other appropriations" or listed as a part of recovery authority in a sub-appropriation. This designates that part or all of the costs of this program are recovered from other programs by charging appropriations either in that department or in other departments. Recoveries for services provided to programs not within the consolidated government entity are deposited into general revenue.

OVERVIEW

Special Operating Agencies

Special Operating Agencies (SOAs) are service operations that are more directly responsible for their operating results. These agencies can provide direct public services, internal services to government or regulatory and enforcement programs. SOAs are designated by regulation and operate under a charter approved by the Minister of Finance. Operating funding for SOAs is normally not required in the annual Estimates of Expenditure, as they are generally self-financing through their various fees and rates. Although, SOAs can receive Part D loan authority for capital asset acquisitions, each SOA is referenced in the Estimates of the department responsible.

Estimates Supplements

Additional detail on Estimates of Expenditure for individual departments is available in the Supplement to the Estimates of Expenditure document that is produced by each department and tabled in the Legislative Assembly in advance of Committee of Supply.

Ministerial Accountability

The Estimates reflect the withholding of 20 per cent of ministerial salaries, as stipulated in The Fiscal Responsibility and Taxpayer Protection Act, which is payable when the annual report for the fiscal year is released showing that the government did not incur a deficit or incurred a non-contravening deficit that exceeds the baseline amount for the fiscal year.

21.3	3.	INSURANCE.....	13,892	13,525
		Establishes and administers benefits as prescribed by The Canada Health Act as well as provincially funded benefits as prescribed by The Health Services Insurance Plan, The Pharmaceutical Act, and The Prescription Drug Cost Assistance Act. Establishes and monitors department administrative policies, processes, and standards.		
		<i>Department Services:</i> Develops and supports alignment to administrative policies, processes and standards, as well as leading departmental communications, operations, and employee wellness, engagement and diversity/inclusion efforts. Provides administrative, technological and logistical support to the departments of Manitoba Health, Mental Health and Community Wellness, and Seniors and Long-Term Care.		
		<i>Non-Insured Benefits:</i> Plans, manages, and administers provincially funded benefits offered beyond those required by The Canada Health Act. Establishes eligibility criteria, service improvements, legislative amendments and related benefit plan design to support government goals and priorities in the delivery of health care.		
		<i>Insured Benefits:</i> Plans, manages, and monitors registration of citizens for benefits and fee-for-service payments to health care providers insured under the provincial health insurance plan. Interprets and translates benefits under the provincial health insurance plan to advise and direct service delivery organizations and alignment with requirements of The Canada Health Act. Establishes policy, benefit plan design, and corresponding legislative amendments to support government goals and priorities in the delivery of health care. Supports the development of negotiation mandates for health care providers, professional associations, and other provincial plans.

PART A - OPERATING

17.1	1.	PUBLIC SERVICE COMMISSION.....	26,283	26,058
		<i>Executive Support:</i> Provides management and policy direction for the Public Service Commission and advises government on strategic human resource management issues.		
		<i>Policy, Programs and Learning:</i> Develops and implements workforce legislation, policies, programs, initiatives, and metrics that support the attraction, retention, and development of respectful, ethical, diverse, inclusive, and engaged public service.		
		<i>Human Resource Operations:</i> Provides advice and support to government departments and agencies in the areas of recruitment and selection, employee and labour relations, learning and development, organizational design and development, supportive employment, and pay and benefits.		
		<i>Employee and Family Assistance Program:</i> Provides confidential short-term counselling services to employees and family members to assist with problems that have an impact on their home or work life. The program also supports the development of resources, workplace strategies, and policies pertaining to human behaviour in the workplace.		
		<i>Labour Relations:</i> Provides employee and strategic labour relations and total compensation services, within core government, as well as limited service to specific entities in the broader public service. Responsible for classification, compensation and benefits policy and plan design, central administration, and negotiation and administration services for government-wide benefits and insurance programs, research and consultative services, advice and expertise on classification and compensation matters, collective agreements negotiation and contract interpretation and enforcement, including representing employer in grievances and various administrative tribunals.
