MANAGEMENT REPORT

Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of the Division scolaire franco-manitobaine (the "Division") are the responsibility of the Division management and have been prepared in compliance with legislation, and in accordance with Canadian public sector accounting standards established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. A summary of the significant accounting policies is included in Note 2 to the consolidated financial statements.

The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods. Division management maintains an internal audit system designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The Division's school board met with management to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to its approval of the consolidated financial statements.

The consolidated financial statements have been audited by BDO Canada LLP, independent external auditors appointed by the Board. The Independent Auditor's Report outlines their responsibilities, the scope of their review and their opinion on the Division's consolidated financial statements.

Independent Auditor's Report

To the Chair and Trustees of the Division scolaire franco-manitobaine

Opinion

We have audited the attached consolidated financial statements of the Division scolaire franco-manitobaine (the "Division"), which include the consolidated statement of financial position as at June 30, 2020, and the consolidated statements of revenue, expenses and accumulated surplus, change in net debt, and cash flow for the period then ended, as well as the notes, including a summary of significant accounting policies.

In our opinion, these consolidated financial statements present fairly, in all material respects, the Division's financial position as at June 30, 2020, and the results of its operations, change in net debt, and cash flow for the year then ended, in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of this report. We are independent of the Division in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Division's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Division or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Division's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to form a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Division's internal control;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Division's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Division to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation;

- Obtain sufficient appropriate audit evidence concerning the financial information of the entities and group activities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit, and assume full responsibility for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. Nature of Organization and Economic Dependence

The Division scolaire franco-manitobaine (the "Division") is a public body that provides education services to the Francophone student population of Manitoba. The Division is funded mainly by grants from the Province of Manitoba (the "Province") and special levies. The Division and each provider school division share the tax levies based on the proportion that their respective number of students represents in relation to the total of all students living within the provider school division's boundaries.

The Division is economically dependent on the Province for its operations and capital financing requirements. Without this funding, the Division would not be able to continue its regular operations.

2. Summary of Significant Accounting Policies

The consolidated financial statements have been prepared by management in accordance with Canadian standards of accounting established by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada (CPA Canada).

Reporting Entity and Consolidation

The consolidated financial statements include the assets, liabilities, revenue and expenses of the Operating Fund, Capital Fund and Special Purpose Fund of the Division. The Division reporting entity includes school generated funds and the entity controlled by the Division. The controlled entity is a Charitable Organization.

All inter-fund balances and transactions were eliminated upon consolidation.

School Generated Funds

School generated funds are monies which are collected by a school or under its auspices through extra-curricular activities conducted for its sole benefit, and which the principal of the school may, subject to the rules of the school board, raise, hold, administer and expend for the purposes of the school.

Only revenue and expenses of school generated funds controlled by the Division are included in the Consolidated Statement of Revenue, Expenses and Accumulated Surplus. For funds to be deemed as controlled, a school must have the unilateral authority to make the decisions as to when, how and for what purpose they are to be spent.

The balances of cash monies, short-term investments, and the accumulated surplus of all school generated funds are included in the Consolidated Statement of Financial Position. The uncontrolled portion of this amount is reflected in the School Generated Funds Liability account. Only revenue and expenses of school generated funds controlled by the Division are included in the Consolidated Statement of Revenue, Expenses and Accumulated Surplus. Revenue and expenses of non-controlled school generated funds are not included in the consolidated financial statements.

Charitable Organization

The Charitable Organization has as its objective to promote fundraising for the Division scolaire franco-manitobaine. The Organization is a not-for-profit organization incorporated in accordance with The Corporations Act of Manitoba and is a charitable organization for income tax purposes.

The assets, liabilities and accumulated surplus of the Charitable Organization are reported in the Consolidated Statement of Financial Position. The revenue and expenses of the Charitable Organization are reported in the Consolidated Statement of Revenue, Expenses and Accumulated Surplus.

Trust Funds

Trust funds, under PSAB standards, are assets under the custody of a trustee (the Division) pursuant to a trust agreement or under the law. The trustee merely administers the terms and conditions of the trust agreement, and has no unilateral authority to change them.

Trust funds and their related operations are not included in the consolidated financial statements as they are not owned or controlled by the Division. As at June 30, 2020 and 2019, the Division held no trust funds.

2. Summary of Significant Accounting Policies (cont'd)

Tangible Capital Assets

Tangible capital assets are non-financial assets that are used by the Division to provide services to the public and have an economic life beyond one fiscal year. Tangible capital assets include land, buildings, land improvements, school buses, other vehicles, furniture, fixtures and equipment, computer hardware and software, leasehold improvements, capital leases, and assets under construction.

To be classified as tangible capital assets, each asset other than land must individually meet the capitalization threshold for its class as prescribed by FRAME.

Asset Description	Capitalization Threshold ($)	Useful Life
Land improvements	50,000	10 years
Building – bricks, mortar and steel	50,000	40 years
Buildings – wood frame	50,000	25 years
School buses	50,000	10 years
Vehicles	10,000	5 years
Equipment	10,000	5 years
Network infrastructure	25,000	10 years
Computer hardware	10,000	4 years
Computer software	10,000	4 years
Furniture & fixtures	10,000	10 years
Leasehold improvements	25,000	Over term of lease

Grouping of assets is not permitted except for computer work stations.

Land is recorded at historical cost, which includes purchase price, installation costs and other costs incurred to put the asset into service. All land acquired prior to June 30, 2006 has been valued by the Crown Lands and Property Agency.

Buildings are recorded at historical cost when known. For buildings acquired prior to June 30, 2005, where the actual cost was not known, the replacement value for insurance purposes as at June 30, 2005, was regressed to the date of acquisition, based on Southam and CanaData construction cost indices.

With the exception of donated capital assets and capital leases, all tangible capital assets are recorded at historical cost, which includes purchase price, installation costs and other costs incurred to put the asset into service.

Donated tangible capital assets are recorded at fair market value at the date of donation. Deferred revenue is recorded in an equivalent amount for all donated assets except land. The deferred revenue will be recognized as revenue over the useful life of the related asset, on the same basis as when an asset is amortized.

Capital leases are recorded at the present value of the minimum lease payments excluding executory costs (e.g. insurance, maintenance costs, etc.). The discount rate used to determine the present value of the lease payments is the lower of the Division's rate for incremental borrowing or the interest rate implicit in the lease.

All tangible capital assets, except for land, capital leases and assets under construction, are amortized on a straight-line basis over their estimated useful lives as prescribed by FRAME. Land is not amortized. Capital leases with lease terms that have a bargain purchase option or allow ownership to pass to the Division are amortized over the useful life of the asset class. All other capital leases are amortized over the lesser of the lease term and the useful life of the asset class.

One-half of the annual amortization is charged in the year of acquisition and in the year of disposal if not fully amortized.

Assets under construction are not amortized until the date of substantial completion. Interest on funds used to finance school buildings under construction is capitalized for the periods preceding the date of substantial completion.

Employee Future Benefits

The Province pays the employer portion of the Teachers' Retirement Allowances Fund (TRAF), the pension plan for all certified teachers of the Division. The Division does not contribute to TRAF, and no costs relating to this plan are included in the Division's consolidated financial statements.

2. Summary of Significant Accounting Policies (cont'd)

However, the Division provides retirement and other future benefits to its support staff. These benefits include a defined contribution pension plan, parental leave and early retirement benefit. The Division adopted the following accounting policies with respect to these employee future benefits:

Defined Contribution Pension Plan

The Division pays the employer portion to the defined contribution pension plan administered by the Manitoba School Boards Association (MSBA) for its support staff. Under this plan, specific fixed amounts are contributed by the Division each period for services rendered by the employees and are equal to the contributions made by the employees. No responsibility is assumed by the Division to make any subsequent contribution.

Defined Benefit/Self-Managed Employee Future Benefit Plans

For defined benefit/self-managed benefit obligations that are event driven such as non-vesting parental leave, the benefit costs are recognized and recorded only in the period when the event occurs. For complementary payment obligations related to possible early retirement that are also event driven, the cost of benefits is recognized for the period in relation to which the commitment to pay benefits is approved by the school board.

With respect to sick leave that accrues without being vested, the liability is recorded, when deemed significant, based on the likelihood that the accrued sick leave will be used by the employees. The calculated amount is adjusted using present value methods.

Reserve Fund

Certain amounts approved by the Board and the Public Schools Finance Board have been set aside in reserve funds for future capital projects. These are internally restricted and part of the accumulated surplus reported in the Consolidated Statement of Financial Position.

Use of Estimates

The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from the most accurate projections of management as additional information becomes available.

3. Authorized Lines of Credit

The Division has a line of credit with the Caisse Financial Group of $18,500,000 to fund its operations. The line of credit is repayable on demand at the Royal Bank of Canada prime rate less 1.35% (1.70% as at June 30, 2020), with interest payable monthly. It was unused as at June 30, 2020.

The Division also has a line of credit with the Caisse Financial Group of $11,000,000 to fund capital projects. The line of credit is repayable on demand at the Royal Bank of Canada prime rate less 1.35% (1.70% as at June 30, 2020), with interest payable monthly. It was unused as at June 30, 2020.

4. Employee Future Benefits

The Division participates in a defined contribution pension plan administered by the MSBA. The defined contribution plan is provided to support staff at a predetermined rate. Under the MSBA pension plan, employee contributions are calculated at a predetermined rate. The Division's contributions equal the employee's contributions to the plan. Pension liability is included in the consolidated financial statements under Accounts Payable.

Starting January 1, 2020, the pension plan was revised by changing the planned contributions for members and school divisions to 8% of “salaries for the year” as defined by the plan.

The employee future benefit expense is included under the Employee Benefits and Allowances item.

4. Employee Future Benefits (cont'd)

Total contributions to the defined contribution pension plan for the period ended June 30, 2020, amount to $860,243 ($924,156 in 2019).

Fringe benefits, such as sick leave, which accumulate without vesting, are evaluated in accordance with the present value method taking into account the extent to which accumulated sick leave credits are expected to exceed the number of vested days. The evaluation of the cost of sick leave benefits for the 2019/20 period has resulted in a positive balance of $99,300 ($101,565 in 2019).

5. Deferred Revenue

The deferral method of accounting is used for revenue received that, pursuant to statutes, regulations or agreements, may only be used for specific purposes. These amounts are recognized as revenue in the fiscal year the related expenses are incurred or services performed. The following is a breakdown of the account balance:

15. Contractual Obligations

Agreements respecting student transportation were entered into until June 2024. The annual costs for these services are approximately $9,300,000.

Lease agreements for school buildings were entered into with various school divisions and organizations. An estimated amount was recorded as a payable amount and as an expense for the current fiscal year given that the rental rates have not yet been finalized. All retroactive adjustments will be recorded in the year when their specific amount is determined.

16. Financial Instruments

The Division's financial instruments include cash and bank deposits, portfolio investments, amounts due from and due to (provincial, federal and municipal governments, other school divisions and First Nations), accounts receivable, receivable investment income, overdraft, accounts payable, accrued liabilities, employee future benefits, accrued interest payable, debenture debt and other borrowings.

Unless otherwise noted, it is management's opinion that these financial instruments do not expose the Division to significant interest, exchange or credit risk.

17. Uncertainty Related to the COVID-19 Pandemic

On January 30, 2020, the World Health Organization ("WHO") announced a public health emergency of international concern as a result of the outbreak of a new strain of coronavirus identified as "COVID-19". This virus posed a risk to the international community as it was rapidly spreading from its point of origin in Wuhan, China. On March 11, 2020, the WHO classified the COVID-19 epidemic as a pandemic, based on its rapid spread around the world. On March 20, 2020, the Government of Manitoba declared a province-wide emergency and the Chief Provincial Public Health Officer issued laws to protect the health and safety of Manitobans and reduce the spread of the virus. The Organization thus implemented measures to reduce the risk related to COVID-19. Given the fluid nature of the situation, a reasonable estimate of the length of time that activities will be disrupted and the ensuing financial impact cannot be made at this time.

18. Contingent Liabilities

The Division is currently in the process of negotiating a certain number of employment and union contracts that have expired. The accrued liabilities include the Division's estimate of costs related to potential wage agreements with union-represented Division employees for the periods ended June 30, 2019 and June 30, 2020. This estimate is based on various factors, including the amount of an arbitration award against a Manitoba school division and in favour of the teacher's union. This liability is contingent on future events, including the outcome of collective bargaining between the Division and the unions representing the majority of its employees. The amount of this contingent liability and an estimate of any other exposure to liability are not included in this note, as this might have a negative impact on the outcome of the negotiations.
