

Manitoba IFTA Newsletter — 4th Quarter 2025

Grace Period

You have a two-month grace period (January and February 2026) to begin displaying your renewed credentials if **the current renewal was received in our office by December 31, 2025**. However, you must continue to display your 2025 IFTA credentials during this grace period until 2026 credentials are displayed on your vehicles. Please see the Grace Period memo for more information at <https://www.iftach.org/bulletins/2026%20Renewal%20Grace%20Period.pdf>. You can obtain a copy of your 2026 IFTA licence in your TAXcess account.

Please note that if your renewal is not received in our office by December 31, 2025 you are not eligible for the grace period. This means you will not be able to travel on your 2025 credentials in January and February 2026.

2026 Renewals Online

Renewal forms are available on **TAXcess**.

Please note that IFTA credentials will not be renewed if there is/are:

- Delinquent tax return(s) under IFTA,
- Tax(es) owing under IFTA,
- Delinquent tax return(s) and/or tax(es) owing under other tax statutes administered by Manitoba Finance.

If these issues are not resolved before January 9, 2026, your IFTA account will be suspended. If you do not renew by February 28, 2026, your IFTA account will automatically be closed. Please note that accounts identified as Manitoba travel only will be closed on December 31, 2025.

4th Quarter 2025 Tax Return Due Date: Monday, February 2, 2026

To avoid penalties and interest, returns must be filed and any amount due must be paid by the above date.

REMINDER - Reporting Manitoba Travel Only

Please note that if you only travelled in Manitoba during the quarter you must still report the distance travelled and the volume of fuel purchased in Manitoba on the tax return. Entering this information is a requirement under the IFTA agreement and ensures a more accurate KPL for the quarter.

NEW - Fuel Reported by Volume

Please note that all previous references to litres on the online IFTA tax return has been updated to refer to volume to take into account the different units of measurement for fuel used in vehicles. For example, the 'Tax Paid Litres' column is now called 'Tax Paid Volume'. **Please continue to report diesel and gasoline purchases in litres.**

Online Filing of IFTA Quarterly Tax Returns and Payments of Taxes Due

All IFTA quarterly tax returns **must** be filed and paid online using **TAXcess**, Manitoba Finance's online system. Paper returns are no longer accepted. Taxpayers who fail to file and pay using **TAXcess** when required may be subject to penalties.
