

## **Introduction**

This manual is entitled *A Safe Work Place - A Workplace Safety and Health Manual for Your Community*.

This manual has been developed to meet a legislative requirement of *The Workplace Safety and Health Act*, and just as importantly, it has been developed to assist council in providing the commitment and leadership that will lead to improved safety attitudes and practices in your community.

The purpose of the manual is to outline the requirements of a written workplace safety and health program as required in the Act.

The manual is divided into the following sections:

- Section I - General Requirements
- Section II - Health and Safety Management
- Section III - Rules, Procedures, Practices and Guidelines

The Table of Contents provides a more detailed outline for your use.
