PROPOSED RESOLUTION:

Mr. BLASHKO – National Youth Climate Corps

27. WHEREAS climate change is an existential threat that should be taken seriously by all levels of government; and

WHEREAS climate change is already impacting Manitobans today with rising temperatures, extreme weather events, wildfires, and other threats to the air, water, and land; and

WHEREAS Manitoba has historically been a leader in supporting green jobs, such as through the 97% renewable electricity grid; and

WHEREAS encouraging youth and young adults to pursue opportunities in the low-carbon economy will be essential in doing the province's part to combat climate change; and

WHEREAS support from the Federal Government is critical to boost the availability of sustainable jobs for young Manitobans; and

WHEREAS young Canadians have historically shown tremendous leadership during times of uncertainty and are now calling for the opportunity to work to address the climate crisis; and

WHEREAS many young Manitobans want to work in green jobs, but do not see an outlet available for their effort and enthusiasm; and

WHEREAS youth across Canada have been campaigning for the creation of a National Youth Climate Corps; and

WHEREAS a Youth Climate Corps would fund thousands of both climate mitigation and adaptation jobs that will help communities prepare for, respond to, and become more resilient to the impacts of climate change; and

WHEREAS a Youth Climate Corps would bolster Manitoba's mitigation and adaptation capacity, empower young people to enter green careers, and lead the low-carbon economy into the future.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba be urged to call upon the Federal Government to support the work of the National Youth Climate Corps.
