

# Preliminary Design of New Structure on PTH 59 over

# Brokenhead River

## What is the project about?

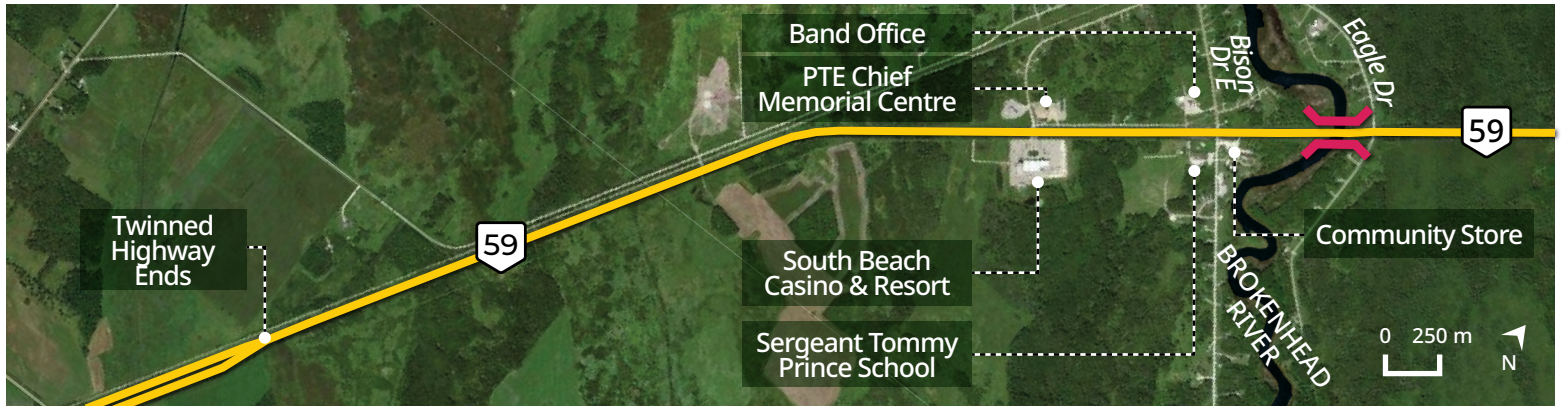

The bridge over Brokenhead River on PTH 59 crosses through the lands of Brokenhead Ojibway Nation.

## The PTH 59 bridge has exceeded its design life.

This crossing is a necessary connection for community members, local businesses, industry, and travellers to access services and many recreation, leisure, homes and cottages across the river.

To address the need for replacement, the Province is undertaking a design project, along with engineers from Dillon Consulting Ltd., and engagement specialists from Scatliff + Miller + Murray (SMM).

# Project Area

# Timeline

**ENGAGEMENT ROUND 1**  
*Spring 2024*

What are your initial priorities, wants, and needs?

**We are here**

*Input from:*

- ▶ Brokenhead Ojibway Nation
- ▶ Stakeholders

**NEWSLETTER 2025**

An updated newsletter will be provided.

**CONSTRUCTION NOTICES**  
 2026 - 2028

Updates will be provided at key milestones during construction.

**ROUND 2**  
*Summer 2024*

We want your feedback on the preliminary design alternatives.

*Input from:*

- ▶ Brokenhead Ojibway Nation
- ▶ Stakeholders
- ▶ Public

**ROUND 3**  
*Fall 2024*

Let's review and discuss the preferred alternatives.

*Input from:*

- ▶ Brokenhead Ojibway Nation
- ▶ Stakeholders
- ▶ Public

**Questions or Comments?**

We want to hear from you!

If you have any questions or comments about the development of the preliminary design, please contact Jane Hilder from Scatliff + Miller + Murray.
