RE: Notice of alteration - 820 RRRR

Dear Director,

Please see attached Malteurop Canada's Notice of alteration under Environmental act License 820 RRRR. The report includes a description of the changes that were made to our malting facility located at 3001 Dugald road, Winnipeg, MB R2C 5H4. We carefully considered all potential environmental effects and effects of human health that could of resulted from these changes and deem the effects insignificant.

I look forward to hearing your response to this Notice of Alteration. Please call me at (204)294-0150 if you have additional questions.

Sincerely,

Kevin Kull

Note: Per Section 14(3) of the Environment Act, Major Notices of Alteration must be filed through submission of an Environment Act Proposal Form (see "Information Bulletin – Environment Act Proposal Report Guidelines")	

Notice of Alteration

1. The portion of the facility marked by red lines in the attached picture is a portion of the plant that was decommissioned in 2010 and was sitting empty and used. It was decided that instead of having to maintain this building it would be torn down. This took place in 2020. Currently the land has been leveled and there are no plans to put a new structure in this spot. All old materials and rubble have been removed from site.

There are no environmental effects or effects of human health from this alteration.
