Dear Lindsay Kerr:

Re: Provincial Road 391, SE-32-79-09-W1, Electoral Division of Flin Flon, Manitoba – Review under the Contaminated Sites Remediation Act

Environment and Climate (the department) acknowledges receipt of the report entitled *Remediation Program, Date of Loss: October 28, 2022, Loss Location: Highway 391, approximately 12 km north of Nelson House, Manitoba* prepared by Pario Engineering & Environmental Sciences dated June 1, 2023 for the above-noted property (the site). The department concurs that the report submitted adequately documents the environmental site conditions at the site at this time and is in accordance with the submitted and approved remediation plan.

It is the position of the department that no further remediation is required on this site at this time. In the event that any residual contamination remaining on the site results in some form of exposure concern in the future, the responsible party will be directed by this department to initiate any remedial measures.

The position of the department as stated in this letter is based on the information provided by Pario Engineering & Environmental Sciences and relates only to the matters within the scope of the approved remediation plan conducted by Pario Engineering & Environmental Sciences. No additional site monitoring was performed by the department.

If you have any questions regarding this letter, please contact Carolyn Baldwin, Contaminated Sites Coordinator, at 431-374-6546 or ContaminatedSites@gov.mb.ca.

Sincerely,

Yvonne Hawryliuk
